Not a problem Joan. And here are the shapefiles (line and polygon) for nutrient impaired waterbodies for the whole state. 2016 reporting cycle, for Wisconsin when you are referring to nutrient impairments, the pollutant is always Total Phosphorus.

Is this the shapefile you were referring that I would send you?

Milo

Thanks for doing this Milo, here is the shapefile of the sampling sites. I don't know if you need all these files...

Cheryl, Joan,

Does this map give you the info needed for your site visit?

Milo
